## Track and Field

Dear Parents/Guardians,

Due to the many away practices and events and the short timeline, we thought it would be best to ask in advance who can drive and what events students can make. Please fill out the table below and let us know what you and your child/children will be able to take part in this year in track and field.

**Please note that athletes will not know if they make the Valley's, Combined Events, and Provincials until later, but we are interested in knowing if they can attend if they make them.**
